Product Description

Product Description:

The Disc Brake Pad Set, Factory No: ZK-01001, offers exceptional quality and performance for your vehicle's braking system. Designed to meet and exceed OEM specifications, these OEM brake pads ensure reliable and consistent stopping power, providing you with confidence and safety on the road. Whether you're looking to replace worn-out brake pads or upgrade your braking system, this set of disc brake pads is an excellent choice for both everyday driving and more demanding conditions.
This brake pad set is engineered as disc brake pads, which are known for their superior heat dissipation and efficient braking performance compared to traditional drum brakes. The design and materials used in these pads contribute to reduced brake fade, enhanced durability, and quieter operation. With a guarantee period covering 30,000 to 50,000 kilometers, these disc brake pads offer long-lasting performance, ensuring that you get the best value for your investment.
One of the standout features of this Disc Brake Pad Set is its composition as the best ceramic brake pads available in the market. Ceramic brake pads are renowned for their ability to provide smooth and quiet braking while producing very little dust, which helps keep your wheels cleaner. Additionally, ceramic pads are less abrasive on rotors, extending the life of your entire braking system. This makes the Disc Brake Pad Set an ideal option for drivers who prioritize both performance and maintenance ease.
The package contents include 4 brake pads, providing a complete set for one axle. This ensures that both wheels on the same axle receive uniform braking force, which is crucial for vehicle stability and safety during stopping. The package quantity is one set, making it convenient for a straightforward replacement process. Whether you are a DIY enthusiast or a professional mechanic, this set simplifies the maintenance routine by delivering all necessary components in one package.
In summary, the Disc Brake Pad Set Factory No: ZK-01001 stands out as a premium product in the category of disc brake pads. It combines the reliability of OEM brake pads with the advanced benefits of ceramic technology, resulting in outstanding braking performance, durability, and driver comfort. The long guarantee period of 30,000 to 50,000 kilometers assures you of the product's quality and longevity, making it a smart choice for maintaining your vehicle's braking efficiency.
Upgrade your vehicle's braking system with this top-tier Disc Brake Pad Set and experience the difference that the best ceramic brake pads can make. With easy installation, superior stopping power, and minimal maintenance requirements, these disc brake pads are an indispensable component for anyone seeking safety, performance, and reliability on the road. Trust Factory No: ZK-01001 to deliver excellence every time you hit the brakes.

Features:

Product Name: Disc Brake Pad Set
Guarantee Period: 30,000 - 50,000 km
Package Contents: 4 Brake Pads
Installation Method: Bolt-On
Installation Type: Bolt-On
Package Quantity: 1 Set
High-quality ceramic material ensures the best ceramic brake pads performance
Durable and reliable, making it one of the good ceramic brake pads options available
Manufactured by the best brake pad brand in the industry

Technical Parameters:

Hardware Included	Yes
Package Quantity	1 Set
Guarantee Period	30000-50000 km
Package Contents	4 Brake Pads
Factory No	ZK-01001
Environmental Compliance	Lead And Asbestos Free
Installation Type	Bolt-on
Product Placement	Front And Rear
After Service	Yes
Shims Included	Yes

These ceramic brake pads are designed to provide excellent performance and durability. If you are looking for good ceramic brake pads or the best ceramic brake pads, this Disc Brake Pad Set is an ideal choice for your vehicle.

Applications:

The Herito Disc Brake Pad Set, model number ZK-38001, is designed to provide exceptional braking performance and reliability for a variety of vehicles. Manufactured in China under the trusted factory number ZK-01001, this set includes 4 high-quality disc brake pads, making it an ideal choice for those seeking the best ceramic brake pads on the market. Herito is widely recognized as the best brake pad brand, known for its commitment to quality, durability, and safety.

This disc brake pad set is perfect for daily commuting, long road trips, and urban driving scenarios where consistent and efficient braking is crucial. Whether you are navigating busy city streets, cruising on the highway, or tackling winding mountain roads, the Herito Disc Brake Pad Set ensures smooth, quiet, and reliable stopping power. Its advanced ceramic formulation reduces brake dust and noise, providing a cleaner and more comfortable driving experience compared to traditional brake pads.
In addition to everyday driving, the Herito Disc Brake Pad Set is well-suited for high-performance and sporty vehicles that demand superior brake responsiveness. Enthusiasts who require precise braking control during spirited driving or track days will appreciate the excellent heat dissipation and wear resistance offered by these pads, which contribute to enhanced safety and performance under demanding conditions.
Installation scenarios for this product span from professional automotive workshops to DIY enthusiasts who prefer to maintain their vehicles at home. The package contents include 4 brake pads, sufficient for a complete axle replacement, ensuring balanced and effective braking on both front or rear wheels. Furthermore, Herito provides reliable after-service support, making it easier for customers to address any issues or questions post-purchase.
Overall, the Herito Disc Brake Pad Set (ZK-38001) is an excellent investment for anyone seeking the best ceramic brake pads that combine superior stopping power, durability, and quiet operation. With the backing of the best brake pad brand, customers can drive with confidence knowing their braking system is equipped with quality components engineered for safety and long-lasting performance.

Customization:

Herito offers product customization services for the Disc Brake Pad Set, model number ZK-38001, proudly made in China. As the best brake pad brand, we specialize in providing OEM brake pads tailored to your specific requirements. Our disc brake pads are designed for both front and rear placement, ensuring optimal performance and safety. Certified with ISO 9001 and ECE R90, these pads guarantee a reliable and high-quality product. With a guarantee period of 30,000 to 50,000 km, you can trust Herito to deliver the best ceramic brake pads that meet your needs. Additionally, we provide excellent after-service support to ensure complete customer satisfaction.
