Product Description:

With a weight of 2.5kg, these brake pads are designed to provide maximum stopping power and durability. They are made of high-quality materials that are built to last, ensuring that you get the best brake pads for cars on the market.

One of the standout features of the Land Rover Brake Pad Set is the included wear sensor. This sensor helps you keep track of the wear and tear on your brake pads, ensuring that you are always aware of when it is time for a replacement. With this feature, you can rest assured that you will always be driving with safe and reliable brakes.

At a price point that is competitive with other brake pad options on the market, the Land Rover Brake Pad Set offers a 1-year warranty for added peace of mind. You can trust that these brake pads will provide superior performance and durability, giving you the confidence you need on the road.

Overall, the Land Rover Brake Pad Set is the best choice for anyone in need of a brake pad replacement for their Land Rover. With its high-quality materials, included wear sensor, and 1-year warranty, you can trust that these brake pads will provide the performance and durability that you need to keep your vehicle running safely and smoothly.

Applications:

With a height of 74.1mm, these brake pads offer a perfect fit for your Land Rover and provide excellent stopping power. The ceramic material used in the brake pads ensures a longer lifespan and reduces wear and tear on your brake rotors. The brake pads are also designed to produce less dust, which means your wheels will remain cleaner for longer.

The Herito brake pad set is a perfect choice for those looking for the best brake pads for their Land Rover. These brake pads are ideal for everyday driving and provide a smooth and quiet experience. Whether you are commuting to work or going on a long road trip, the Herito brake pad set will provide you with consistent and reliable stopping power, making your driving experience much safer.

These brake pads are easy to install and come with all the necessary hardware. You can easily replace your old brake pads with the Herito brake pad set, and you will notice an immediate improvement in your vehicle's braking performance. Whether you are driving in the city or on the highway, the Herito brake pad set will offer you the best braking experience.

So, if you are looking for the best brake pads for your Land Rover, the Herito brake pad set is an ideal choice. With excellent compatibility, perfect fit, longer lifespan, and reliable performance, these brake pads are the best brake pads you can get for your vehicle. Order now and enjoy a safer driving experience!

Support and Services:

The Land Rover Brake Pad Set is a high-quality product designed to provide reliable and consistent stopping power for your Land Rover vehicle. Our brake pads are made from premium materials and are rigorously tested to ensure they meet or exceed industry standards for safety and performance.

In addition to the exceptional quality of our brake pads, we offer a range of technical support and services to help you get the most out of your Land Rover vehicle:

Expert advice: Our team of experienced technicians is available to answer any questions you may have about our brake pads or your Land Rover vehicle.

Installation support: We provide detailed instructions and videos to help you install your brake pads correctly and safely.

Warranty: All of our brake pads come with a warranty to give you peace of mind and protect you against any defects or issues.

Product support: If you experience any issues with your brake pads, our team is available to provide product support and help you resolve any problems.

At Land Rover, we are committed to providing our customers with the highest level of support and service. If you have any questions or concerns about our brake pad set or any other Land Rover products, please do not hesitate to contact us.

FAQ:

Q: What is the brand name of the Land Rover Brake Pad Set?

A: The brand name of the brake pad set is Herito.

Q: Are these brake pads compatible with all Land Rover models?

A: No, please check the compatibility list before purchasing to ensure compatibility with your Land Rover model.

Q: How many brake pads are included in this set?

A: This brake pad set includes four brake pads, for the front and rear wheels.

Q: What is the material used in the manufacturing of these brake pads?

A: These brake pads are made of high-quality semi-metallic material, providing excellent braking performance.

Q: How long do these brake pads last?

A: The lifespan of these brake pads can vary depending on the driving conditions and style, but on average they can last up to 50,000 miles.
