- Price: 5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60
- Payment Terms: T/T, LC
- Supply Ability: 15 Million

Product Specification

- Fmsi: D451
- Factory No: ZK-26008
- Dimensions: 8.5 X 5.5 X 2.5 Inches
- Material: Ceramic
- Braking System: GRL
- Package Quantity: 1 Set (4 Pieces)
- Friction Material Composition: Ceramic
- Oe Replacement: Yes
- Highlight: **d451 disc brake pad set,
d451 front brake pad set,
4 pieces disc brake pad set**

Product Description:

This Disc Brake Pad Set is a perfect replacement for your worn out or damaged brake pads. It is an OEM product, ensuring compatibility and reliability for your vehicle. This means that it is designed to meet the same standards and specifications as the original equipment manufacturer (OEM) parts.

The FMSI code for this Disc Brake Pad Set is D451, which means that it is specifically designed for a certain type of vehicle. The placement on vehicle for this brake pad set is for both the front and rear wheels, providing complete coverage for your vehicle's braking system.

The factory number for this Disc Brake Pad Set is ZK-26008. This is an important number to keep in mind when searching for a replacement part, as it ensures that you are receiving an exact match to the original part that came with your vehicle from the factory. The friction material composition of this Disc Brake Pad Set is ceramic. Ceramic brake pads are known for their durability and long-lasting performance. They also produce less dust and noise compared to other brake pad materials, making them a popular choice for many vehicle owners.

Overall, this OEM Disc Brake Pad Set with FMSI code D451, placement on vehicle for front and rear wheels, factory number ZK-26008, and ceramic friction material composition, is a reliable and high-quality replacement option for your vehicle's braking system.

Features:

- Product Name: Disc Brake Pad Set
- Product Type: Automotive Replacement Brake Pads
- Asbestos-Free: Yes
- Factory No: ZK-26008
- Compatibility: Fits Various Makes And Models
- Silent Design: Chamfer Design

- OEM: Yes

Technical Parameters:

Braking System	GRL
Compatibility	Fits Various Makes And Models
Dimensions	8.5 X 5.5 X 2.5 Inches
OEM Replacement	Yes
Silent Design	Chamfer Design
Hardware Included	Yes
Factory No	ZK-26008
Friction Material Composition	Ceramic
Material	Ceramic
Weight	2.2 Pounds

Applications:

The brake pads are designed with a chamfer design to ensure a silent brake operation, making it a great choice for drivers who value noise-free braking. The chamfer design also helps to prevent dust buildup, ensuring the pads remain clean for a longer period. Disc Brake Pad Set is an asbestos-free product, which is essential for the safety and health of both the driver and passengers. Asbestos is a hazardous material that was commonly used in brake pads in the past. Therefore, choosing asbestos-free brake pads is a wise decision.

The product is suitable for various occasions and scenarios. It is an excellent choice for drivers who are looking for a high-quality replacement brake pad set that meets OEM specifications. Whether you drive a sedan, SUV, or truck, Disc Brake Pad Set is designed to provide reliable and consistent braking performance.

The product is also suitable for drivers who value noise-free braking. The chamfer design helps to reduce noise and ensure a smooth and comfortable ride. If you are tired of hearing loud braking noises every time you apply the brakes, Disc Brake Pad Set is an excellent choice for you.

Overall, Disc Brake Pad Set is a reliable and high-quality product that meets OEM specifications. It is suitable for various occasions and scenarios and is an excellent choice for drivers who value safety, performance, and comfort.

Customization:

Support and Services:

The Disc Brake Pad Set is a high-quality product designed to provide reliable and consistent braking performance for your vehicle. Our team of experts has extensively tested and engineered this product to ensure that it meets or exceeds all OEM specifications.

Our product technical support and services include:

- Assistance with product installation and replacement
- Expert advice on brake system maintenance and repair
- Product warranty and guarantee information
- Technical specifications and product data sheets
- Answers to frequently asked questions

At our company, we pride ourselves on providing exceptional customer service and technical support to ensure your complete satisfaction with our products. If you have any questions or concerns about our Disc Brake Pad Set, please do not hesitate to contact us.

Packing and Shipping:

Product Packaging:

The Disc Brake Pad Set will come in a sturdy cardboard box to ensure safe delivery. The box will be labeled with the product name and a picture for easy identification. Inside the box, the brake pad set will be securely packed with bubble wrap and other protective material to prevent any damage during shipping.

Shipping:

We offer free standard shipping for all Disc Brake Pad Set orders within the United States. The estimated delivery time is 3-5 business days. Expedited shipping options are also available for an additional fee. All orders will be shipped from our warehouse within 24-48 hours of purchase.
