Product Description:

Featuring a set of shims that are included with purchase, these BMW brake pads are designed to deliver superior performance and reliability. The shims help to reduce noise and vibration during braking, ensuring a quiet and smooth ride every time you hit the brakes. And with a 2-year warranty included with your purchase, you can be confident that these brake pads will provide reliable and long-lasting service for years to come.

At just 2.5 pounds, these BMW Brake Pads with Shims are lightweight and easy to install, making them the perfect choice for any driver who wants to upgrade their vehicle's braking system without adding unnecessary weight or complexity. And with an OE number of 34 11 6 761 244, you can be confident that these brake pads will fit perfectly and perform flawlessly on your BMW, no matter what model or year it is.

Designed for use in both the front and rear of your BMW, these brake pads are the ideal choice for any driver who demands the very best in performance and reliability. So why wait? Order your BMW QuietCast Disc Brake Pad Set today and experience the ultimate in braking performance and reliability!
