Product Description:

These BMW Front and Rear Performance Disc Brake Pad Set are engineered to deliver excellent braking performance in a wide range of driving conditions. The thickness of the brake pad set is 10mm, which means that it can withstand high levels of stress and pressure without wearing out quickly. This ensures that your BMW's brakes are always in top condition, giving you the confidence you need to drive safely and securely on the road.

The BMW High-Carbon Performance Premium Disc Brake Pad Set comes with an included wear sensor, which alerts you when it's time to change your brake pads. This means that you'll always be aware of your brake pad's condition and can replace them before they cause any problems. The wear sensor is a convenient feature that adds to the overall value of the product.

At just 2.5 pounds, the BMW High-Carbon Performance Premium Disc Brake Pad Set is lightweight and easy to install. This means that you can install the brake pads yourself or take them to a professional for installation. Either way, you can be sure that the brake pads will fit your BMW perfectly and provide the performance you need on the road.

The OE number for the BMW High-Carbon Performance Premium Disc Brake Pad Set is 34 11 6 761 244, which ensures that you're getting a high-quality product that is designed specifically for your BMW. You can trust that this brake pad set will provide the performance and reliability you need to keep your BMW running smoothly for years to come.

The BMW High-Carbon Performance Premium Disc Brake Pad Set is made from ceramic material, which is a high-quality material that is known for its durability and performance. Ceramic brake pads are designed to provide excellent stopping power, even in high-performance driving situations. This makes the BMW High-Carbon Performance Premium Disc Brake Pad Set an excellent choice for BMW owners who demand the best in terms of performance and reliability.

In conclusion, if you're looking for a high-quality, reliable, and high-performance brake pad set for your BMW, look no further than the BMW High-Carbon Performance Premium Disc Brake Pad Set. With its superior stopping power, consistent performance, and long-lasting durability, this brake pad set is the perfect choice for any BMW owner who wants to ensure their vehicle is always in top condition.
