Ceramic Toyota Brake Pad Set**

Product Description:

These brake pads come with clips included, making installation a breeze. The clips ensure that the pads stay securely in place, giving you peace of mind when driving. The factory number for this set is ZK-11013, and the OEM number is 04466-12130.

When it comes to replacing your brake pads, it's important to choose a high-quality set that will last you a long time. These Toyota Brake Pads are known for their durability and reliability, ensuring that your vehicle will stop smoothly and effectively every time you hit the brakes.

Don't wait until your brakes start squeaking or grinding before replacing your pads. Keep yourself and your passengers safe by investing in good brake pads like the Toyota Brake Pad Set. Order today and enjoy a smooth and safe ride!

Applications:

When it comes to replacing brake pads, the ZKZB Brake Pad Set is a great choice for a number of occasions and scenarios. For those who regularly drive in city traffic, the ceramic material provides a longer lifespan compared to traditional brake pads, making them a smart investment. If you frequently travel on highways or mountainous roads, the ZKZB Brake Pad Set provides reliable stopping power without the risk of fading, thanks to the ceramic material.

For those who need to replace their rear brake pads, the ZKZB Brake Pad Set is an excellent option. The set includes 4 pieces, so you can replace both front and rear brake pads at once, ensuring consistent performance on all wheels.

Whether you're a daily commuter or a weekend adventurer, the ZKZB Brake Pad Set is a reliable choice for keeping your vehicle's braking system in top condition. Don't compromise on safety - choose the ZKZB Brake Pad Set for your next brake pad replacement.

Customization:

Customize your Toyota brake pad set with ZKZB brand name, model number 201562, and place of origin in China. These brake pads come with a 1-year warranty and OEM number 04466-12130. They are suitable for both front and rear positions and made of ceramic material. The factory number is ZK-11013. Upgrade your Toyota's braking system with reliable brake pads with clips.

Support and Services:

The Toyota Brake Pad Set is a high-quality product designed specifically for your Toyota vehicle. It is engineered to meet the strict standards of Toyota and provide reliable and consistent performance. The brake pad set is made from high-quality materials that are designed to withstand the high temperatures and pressures generated during braking. Our technical support team is available to answer any questions you may have about the installation or maintenance of the Toyota Brake Pad Set. We also offer a range of services to help ensure that your brake system is working at peak performance, including brake system inspections, brake fluid flushes, and brake rotor resurfacing. With the Toyota Brake Pad Set, you can be confident that you are getting a product that is backed by the expertise and experience of Toyota engineers. Trust Toyota to provide you with the best braking performance and reliability for your vehicle.

Packing and Shipping:

Product Packaging:

The Toyota Brake Pad Set comes in a sturdy cardboard box that is designed to protect the brake pads during transportation and storage. The box features the Toyota logo and product information, including the model number and brake pad type.

Shipping:

The Toyota Brake Pad Set is shipped directly from our warehouse to your desired location using a reputable shipping carrier. We take great care in packaging and labeling the product to ensure that it arrives to you in good condition. Shipping times may vary depending on your location and the shipping method selected during checkout.
