Product Description:

One of the standout features of this Brake Pad Set is the included wear sensor, which alerts you when it's time to replace your brake pads. This helps you stay on top of maintenance and ensures that your vehicle is always operating at its best. When it comes to quality and reliability, this Brake Pad Set is the best brand of brake pads for your Land Rover. Made with high-quality materials and designed to meet or exceed OEM specifications, these brake pads are built to last. Plus, with a 1-year warranty, you can have peace of mind knowing that you're covered in the unlikely event of any defects or issues. This Brake Pad Set includes 4 pieces, giving you everything you need to replace the brake pads on your Land Rover. With a weight of 2.5kg, these brake pads are sturdy and durable, able to withstand even the toughest driving conditions. Overall, if you're looking for the best brake pad for your Land Rover, this Brake Pad Set is the way to go. With its high-quality materials, wear sensor, and 1-year warranty, you can trust that your vehicle is in good hands. Don't settle for anything less than the best – choose this Brake Pad Set for your Land Rover today!

Features:

Product Name: Land Rover Brake Pad Set
Compatibility: Land Rover Discovery 4, Range Rover Sport, Range Rover L322
Wear Sensor: Included
Position: Front And Rear
Height: 74.1mm
Width: 155.1mm

This Land Rover Brake Pad Set is the perfect brake pad replacement for your Land Rover Discovery 4, Range Rover Sport, and Range Rover L322. It comes with a wear sensor, ensuring optimal performance and safety. The front and rear position of the brake pads makes it easy to install, and the 74.1mm height and 155.1mm width make them compatible with your vehicle. These brake pads are made with the best brand brake pads and best ceramic brake pads materials, ensuring durability and reliability.

Applications:

One of the standout features of this product is its weight, which is only 2.5kg. This makes it easy to install and maintain, and ensures that your car's performance is not affected by the brake pads. Additionally, the Herito Brake Pad Set 201562 has an OE number of LR019627, which means it is an original equipment manufacturer (OEM) brake pad. The brake pads are 155.1mm in width and are designed to provide the best braking performance for your Land Rover vehicle. They are made from high-quality materials that ensure durability and longevity. The Herito Brake Pad Set 201562 is the best brake pad option for Land Rover owners who want to ensure their vehicle is performing at its best. The product is suitable for a range of application occasions and scenarios. If you need to replace worn-out or damaged brake pads, the Herito Brake Pad Set 201562 is an ideal choice. It is also a great option for Land Rover owners who want to upgrade their brake pads to improve performance and safety. The Herito Brake Pad Set 201562 is perfect for Land Rover owners who want to ensure their vehicle is running at its best. With its high-quality materials, OEM brake pad designation, and versatile use for both front and rear positions, this product is the best brake pad option available. Get the most out of your Land Rover with Herito Brake Pad Set 201562.
