**Product Description:**

One of the standout features of this BMW brake pad set is the included shims. Shims are a critical component of any brake pad set as they help to reduce noise and vibrations. With these shims included, you can enjoy a quieter and more comfortable ride without sacrificing performance.

The BMW Front and Rear Performance Disc Brake Pad Set is made from high-quality ceramic material, which is known for its durability and reliability. Ceramic brake pads are also known for producing less dust than traditional brake pads, which can help keep your wheels cleaner for longer periods of time. Not only that, but ceramic brake pads also offer excellent stopping power, ensuring that you can come to a stop quickly and safely.

When it comes to performance, this BMW brake pad set is designed to provide exceptional stopping power. Whether you're driving around town or hitting the open road, you can trust that these brake pads will provide reliable and consistent performance every time you hit the brakes. With the added hardware and shims, you can be sure that your brakes will operate smoothly and quietly, giving you the confidence you need to tackle any driving situation.

At the core of this BMW Front Disc Brake Pad Set with Hardware Installation Kit is the included two-year warranty. This warranty ensures that you can enjoy your new brake pads with peace of mind, knowing that they are backed by a manufacturer's warranty. This brake pad set is designed to fit a variety of BMW vehicles, including models such as the 128i, 135i, 328i, 335i, 525i, 528i, and more.

In summary, the BMW Front and Rear Performance Disc Brake Pad Set is an exceptional choice for those seeking reliable and high-quality brake performance. With the included hardware and shims, you can enjoy a hassle-free installation process and a quiet, comfortable ride. The ceramic material provides excellent stopping power, and the included two-year warranty ensures that you can enjoy your new brake pads with confidence. So if you're looking for BMW brake pads with shims and exceptional performance, look no further than this brake pad set.

**Features:**

UPC	885170321235

**Applications:**

Whether you're a performance enthusiast who loves to push your BMW to the limit, or a daily driver who wants to ensure safe, reliable braking in all conditions, this BMW Front Disc Brake Pad Set with Hardware Installation Kit is the perfect choice. With OE number 34 11 6 761 244, you can be confident that these brake pads will fit your BMW perfectly and provide the performance and longevity you expect. One of the key features of this BMW Front Brake Pad Set is the included hardware installation kit. With all the essential components you need to install your new brake pads quickly and easily, you won't have to worry about hunting down additional parts or spending hours in the garage trying to figure out how to get everything installed correctly.

And with a 2-year warranty, you can be confident that your investment in these BMW brake pads is protected against defects and premature wear. Plus, with the wear sensor included, you'll know exactly when it's time to replace your brake pads, so you can stay on top of your BMW's maintenance needs and avoid expensive repairs down the road.

So whether you're hitting the track on the weekends or just commuting to work during the week, the BMW Brake Pads with Shims are the perfect solution for reliable, high-performance braking in any situation.

## Support and Services:

The BMW Brake Pad Set is a high-quality replacement brake pad set designed for BMW vehicles. It is engineered to meet or exceed OEM specifications, ensuring optimal performance and safety. The brake pad set is made of premium materials that offer superior durability and resistance to wear and tear. It is easy to install and comes with a limited warranty for added peace of mind. In addition to the brake pad set, we also offer a range of technical support and services to ensure that your BMW vehicle is always operating at its best. Our team of certified technicians is trained to diagnose and repair any brake system issues that may arise, and we use state-of-the-art equipment and genuine BMW parts to ensure that all repairs are done to the highest standards. Whether you need routine maintenance or more extensive repairs, our technical support and services are designed to meet your needs. We also offer helpful resources such as user manuals, online tutorials, and customer support to help you get the most out of your BMW Brake Pad Set.

## Packing and Shipping:

### Product Packaging:

The BMW Brake Pad Set comes in a sturdy and secure box to ensure safe transportation. The box includes four brake pads, two for each front wheel and two for each rear wheel, as well as installation instructions.

### Shipping:

Once your order has been processed, the BMW Brake Pad Set will be carefully packed and shipped to your desired location. We offer free standard shipping within the continental United States, and expedited shipping options are available for an additional fee. You will receive a tracking number once your order has shipped so you can track its progress.

## FAQ:

### Q: What is the brand name of the brake pad set?

A: The brand name of the brake pad set is BMW.

### Q: What models is this brake pad set compatible with?

A: This brake pad set is compatible with various BMW models, please check the product description for specific compatibility information.

### Q: Are these brake pads easy to install?

A: These brake pads are designed for easy installation and come with installation instructions. However, it is recommended to have a professional mechanic install them for best results.

### Q: How long do these brake pads last?

A: The lifespan of these brake pads can vary depending on driving habits and conditions. However, they are made with high-quality materials for durability and longevity.

### Q: Are these brake pads noisy?

A: These brake pads are designed to minimize noise and vibration during braking. However, some noise may occur during the break-in period or in certain driving conditions.
