### Basic Information

- Brand Name: ZKZB
- Model Number: 3225423

### Product Specification

- Chamfered: Yes
- Warranty: 1 Year
- Weight: 1.98 Pounds
- Factory No: ZK-14011
- Part Number: DBP-001
- Type: Parking Brake
- Heat Resistant: Yes
- Oe Replacement: Yes
- Highlight: **Chamfered Ceramic Brake Pads,  
4 Pieces Ceramic Brake Pads,  
Improved Braking Efficiency Ceramic Brake  
Pads**

**Product Description:**

The Disc Brake Pad Set is a high-quality product designed to provide exceptional performance and durability for your vehicle. With a standard size that fits most vehicles, these brake pads are a perfect choice for those looking for reliable braking power. One of the key features of these brake pads is their superior heat resistance. The ceramic material used in these brake pads ensures that they can withstand high temperatures, making them ideal for heavy braking situations and prolonged use. This heat resistance not only improves the overall performance of the brake pads but also helps extend their lifespan, making them a cost-effective choice for any driver.

Additionally, these brake pads come with shims included, which help reduce noise and vibrations during braking. The shims also play a crucial role in ensuring smooth and quiet operation, enhancing the overall driving experience for you and your passengers. With these shims, you can enjoy a quieter ride while knowing that your brake pads are performing at their best.

The Disc Brake Pad Set comes with a factory number of ZK-14011, guaranteeing its authenticity and quality. This factory number serves as a mark of assurance, indicating that these brake pads have been manufactured to meet the highest standards of performance and safety. When you choose these brake pads, you can have peace of mind knowing that you are investing in a reliable and trustworthy product.

Furthermore, these brake pads come with a generous 1-year warranty, providing you with added protection and confidence in your purchase. This warranty ensures that you can have any issues with the brake pads addressed promptly, giving you peace of mind and ensuring that your investment is well-protected.

In conclusion, the Disc Brake Pad Set is a top choice for drivers looking for the best ceramic brake pads on the market. With its standard size, superior heat resistance, included shims, factory number ZK-14011, and 1-year warranty, these brake pads offer unbeatable performance and reliability. Upgrade your vehicle's braking system with these high-quality ceramic brake pads and experience the difference in your driving experience today.

**Technical Parameters:**

Factory No	ZK-14011
Type	Parking Brake
