- Model: 2010 Touareg V6 3.0T
- Manufacturer Part Number: DBP-001
- Silent Design: Chamfer Design
- Highlight: **Silent Design Disc Brake Pad Set , Chamfer Design Disc Brake Pad Set**

### Product Description:

As a high-quality Type of Brake Pad, this set is suitable for both Front and Rear positions, providing comprehensive coverage for your vehicle's braking needs. The use of Ceramic material in the construction of these pads ensures optimal performance, durability, and safety, making them a reliable choice for drivers looking for superior braking efficiency.

When it comes to selecting the right brake pads for your vehicle, Ceramic Brake Pads are often considered the preferred choice due to their excellent heat dissipation capabilities, reduced noise levels, and enhanced longevity compared to traditional brake pad materials. The Disc Brake Pad Set offers all these benefits and more, making it a standout option for those who prioritize performance and reliability. Whether you are a professional mechanic or a DIY enthusiast, having the right tools for the job is essential. The inclusion of a Brake Pad Tool in this set ensures easy and hassle-free installation, allowing you to replace your old pads quickly and efficiently. This user-friendly feature adds to the overall convenience and value of the product, making it a must-have for anyone looking to maintain their vehicle's braking system.

In conclusion, the Disc Brake Pad Set is a premium product that combines innovative design, superior materials, and practical features to deliver outstanding performance and reliability. With its Silent Design, Chamfer Design, and Ceramic material construction, this brake pad set offers a winning combination of functionality and durability, making it an excellent choice for drivers who demand the best for their vehicles. Whether you are tackling daily commutes or high-performance driving, these brake pads will provide the stopping power you need with the added convenience of a Brake Pad Tool for easy installation.

### Technical Parameters:
