Shims Included VW Front Brake Pads**

Product Description:

The Volkswagen Brake Pad Set is a high-quality product designed for optimal performance and durability. This VW Ceramic Brake Pad Kit is specifically crafted for Volkswagen vehicles, ensuring a perfect fit and reliable braking power. With a width of 156mm, these brake pads are engineered to meet the exact specifications of Volkswagen models, providing a seamless replacement for worn-out or damaged brake pads. The precision design of the Volkswagen Performance Brake Pad Set guarantees smooth and efficient braking, giving you peace of mind on the road. One of the standout features of this brake pad set is the included shims, which help reduce noise and vibration during braking. The shims are an essential component that enhances the overall performance of the brake pads, ensuring a quiet and comfortable driving experience. With the shims included in the package, installation is made easier and more convenient. Backed by a 1-year warranty, the Volkswagen Brake Pad Set offers reliability and assurance of quality. The warranty provides coverage for any manufacturing defects or issues that may arise during normal use, giving you confidence in the longevity and performance of the product. When it comes to factory specifications, the Volkswagen Brake Pad Set carries the factory number ZK-01006, indicating its compatibility and adherence to Volkswagen's standards. This ensures that the brake pads meet the stringent requirements set by the manufacturer, guaranteeing a safe and reliable braking system for your vehicle. Upgrade your braking system with the VW Ceramic Brake Pad Kit for Volkswagen vehicles. The Volkswagen Performance Brake Pad Set offers superior braking performance, durability, and reliability, making it an essential component for maintaining the safety and efficiency of your vehicle.

Applications:

The Herito VW Brake Pad Kit model number 201562 is a high-quality product designed for Volkswagen vehicles. Made in China, this OEM Replacement brake pad set includes 4 pieces, each weighing 2.5kg. The factory number ZK-01006 ensures its authenticity and reliability. These Volkswagen Front Brake Pads are crafted from ceramic material, known for its durability and excellent performance in braking systems. The material composition of these pads provides reliable stopping power and helps to reduce noise and vibration during braking. The Volkswagen Performance Brake Pad Set by Herito is suitable for various application occasions and scenarios. Whether you are driving in urban traffic, cruising on the highway, or taking on some spirited driving on winding roads, these brake pads offer consistent and reliable performance. For city commuters, these VW Brake Pads excel in stop-and-go traffic situations, providing smooth and responsive braking with minimal noise. On the highway, these Front Brake Pads offer stable braking performance, ensuring a safe driving experience at high speeds. For enthusiasts looking to push their Volkswagen to the limits, the Herito Performance Brake Pad Set delivers exceptional braking power and consistency. Whether you are tackling challenging corners or engaging in performance driving, these pads offer the confidence and control needed for spirited driving scenarios. In summary, the Herito VW Brake Pad Kit model number 201562 is a versatile and reliable product suitable for a wide range of driving conditions. From everyday commuting to performance driving, these Volkswagen Front Brake Pads provide the quality and performance expected from a trusted brand like Herito.
