Product Description:

The Volkswagen Brake Pad Set Assembly is a high-quality product designed to deliver exceptional braking performance for your VW vehicle. This OEM Replacement brake pad set is meticulously engineered to meet the exact specifications of your Volkswagen, ensuring optimal fit and function.

With a quantity of 4 pieces included in the set, you can rest assured that you have all the necessary components to replace the front brake pads on your VW vehicle. Each pad is crafted with precision to provide reliable and consistent braking power, giving you peace of mind on the road.

One of the key features of this Volkswagen Brake Pad Set is the inclusion of shims. These shims play a crucial role in reducing noise and vibrations during braking, resulting in a smoother and quieter driving experience. With shims included in this kit, you can enjoy enhanced comfort and performance with every brake application.

The VW Ceramic Brake Pad Kit is designed with a height of 66mm, ensuring compatibility with your vehicle's braking system. The ceramic construction of these brake pads offers superior durability and heat resistance, making them an excellent choice for demanding driving conditions.

When it comes to safety and reliability, the factory number ZK-01006 associated with this brake pad set signifies that it meets strict quality standards and specifications set by Volkswagen. You can trust that this OEM Replacement brake pad set is designed to deliver consistent performance and longevity for your VW vehicle.

Whether you are seeking to replace worn-out brake pads or upgrade your vehicle's braking system, the VW Front Brake Pads included in this set are a perfect choice. With their superior craftsmanship and precision engineering, these brake pads are sure to provide reliable stopping power and smooth braking performance.

Invest in the Volkswagen Brake Pad Set Assembly today and experience the difference in your vehicle's braking performance. With its high-quality construction, precise fit, and exceptional durability, this brake pad set is a reliable choice for VW owners looking to maintain optimal braking efficiency and safety on the road.
