Basic Information

- Brand Name: ZKZB
- Model Number: ZK-01001

Product Specification

- Product Type: Brake Pads
- Upc: 123456789012
- Product Placement: Front And Rear
- Quantity: 4 Pieces
- Installation Method: Bolt-On
- Warranty: 1 Year
- Part Number: DBP-001
- Color: Black

Product Description:

When it comes to ensuring optimal braking performance for your vehicle, investing in high-quality disc brake pads is essential. The Disc Brake Pad Set is a top-notch product that stands out as one of the best brake pad brands in the market. Designed with precision and durability in mind, these ceramic brake pads are the perfect choice for both front and rear placement on your vehicle. Measuring at 6 x 6 x 0.67 inches, these disc brake pads are engineered to provide a perfect fit for a wide range of vehicle makes and models. The ceramic material used in these brake pads is known for its excellent performance characteristics, making them a reliable choice for drivers who prioritize safety and efficiency on the road. With a sleek black color that complements any vehicle's aesthetics, the Disc Brake Pad Set not only offers superior functionality but also adds a touch of style to your vehicle's braking system. Whether you are driving in urban traffic or tackling challenging terrains, these brake pads deliver consistent and reliable braking power to help you navigate any road conditions with confidence. Equipped with a UPC of 123456789012, these disc brake pads are easy to identify and track, giving you peace of mind knowing that you have a genuine and quality product installed on your vehicle. The front and rear placement compatibility of these brake pads further enhances their versatility, allowing you to upgrade your entire braking system with a single set of high-performance ceramic brake pads. When searching for good ceramic brake pads that offer exceptional performance and durability, the Disc Brake Pad Set is a standout choice that exceeds expectations. Whether you are a daily commuter or an adventurous road tripper, these brake pads provide the stopping power you need to drive safely and confidently in any driving scenario.
