

## Competitive Good Ceramic Brake Pads 1 Set Up 123456789012

Our Product Introduction

### Basic Information

- Brand Name: ZKZB
- Model Number: ZK-11011

### Product Specification

- Wear Sensor Included: No
- Product Dimensions: 5.5 X 5.5 X 3 Inches
- Color: Black
- Manufacturer Part Number: DBP-001
- Package Quantity: 1 Set
- Position: Front And Rear
- Product Type: Brake Pad
- Package Contents: 4 Brake Pads

**Product Description:**

The Disc Brake Pad Set is a high-quality product designed to provide reliable and long-lasting performance for your vehicle. With a guarantee period of 30000-50000km, you can trust that these ceramic brake pads will deliver exceptional stopping power and durability. One of the standout features of this product is the inclusion of shims, which help reduce noise and vibration during braking. This ensures a smooth and quiet driving experience, making these brake pads an excellent choice for those who prioritize comfort. Designed for both front and rear positions, this brake pad set offers versatility and convenience. Whether you need to replace the brake pads on the front or rear wheels of your vehicle, this set has you covered with a total of 4 brake pads included in the package. When it comes to choosing the best brake pad brand, look no further than this product. With a reputation for excellence and performance, these ceramic brake pads are trusted by drivers around the world for their superior quality and reliability. Furthermore, ceramic brake pads are known for being the best brake pad material available on the market. They offer excellent braking performance, reduced noise, and enhanced durability compared to other types of brake pads. With these ceramic brake pads, you can enjoy peace of mind knowing that your vehicle's braking system is equipped with top-of-the-line components. While some brake pads come with wear sensors to alert you when it's time for a replacement, this disc brake pad set does not include a wear sensor. However, with the high-quality construction and materials used in these brake pads, you can expect them to maintain their performance over an extended period, providing you with reliable braking power mile after mile. In conclusion, the Disc Brake Pad Set is the ideal choice for drivers seeking the best brake pad brand and material for their vehicle. With a guarantee period of 30000-50000km, shims included for reduced noise and vibration, front and rear compatibility, and a total of 4 brake pads in the package, this product offers exceptional value and performance. Upgrade your vehicle's braking system with these ceramic brake pads and experience the difference in stopping power and reliability.

Product Type	Brake Pad
Upc	123456789012
Color	Black
Wear Sensor Included	No
Package Quantity	1 Set
Product Dimensions	5.5 X 5.5 X 3 Inches
Guarantee Peroid	30000-50000km

**Applications:**

ZKZB Disc Brake Pad Set (Model: ZK-11011) is a high-quality product designed for various application occasions and scenarios. Made in China, these brake pads offer exceptional performance and durability, making them suitable for a wide range of vehicles. Whether you are driving in urban areas, on highways, or on rugged terrains, ZKZB Disc Brake Pad Set is a reliable choice. The chamfered design ensures smooth braking operations, providing safety and control in different driving conditions. With 4 brake pads included in the package, this set is ideal for both front and rear positions, offering comprehensive coverage for your vehicle's braking system. While these brake pads do not come with a wear sensor, their quality construction and materials ensure long-lasting performance without compromising safety. One of the key advantages of ZKZB Disc Brake Pad Set is its compatibility with various vehicles, making it a versatile solution for both personal and commercial use. Whether you are a DIY enthusiast or a professional mechanic, these brake pads are easy to install with the appropriate brake pad tool. The ceramic brake pad material used in ZKZB Disc Brake Pad Set provides excellent heat dissipation and friction characteristics, enhancing overall braking efficiency and reducing the risk of brake fade. This feature is particularly beneficial in demanding driving scenarios, such as towing heavy loads or driving in hilly areas. With the UPC of 123456789012, ZKZB Disc Brake Pad Set offers a reliable and cost-effective solution for maintaining your vehicle's braking system. Whether you are replacing worn-out brake pads or upgrading to a higher performance option, this product delivers consistent quality and performance across various driving conditions.
