### Basic Information

- Brand Name: Herito
- Model Number: ZK-28001

### Product Specification

- Guarantee Peroid: 30000-50000km
- Certifications: ISO 9001, DOT Approved
- Packing: Customized
- Installation Method: Bolt-On
- Model: Buick Firstland
- Product Dimensions: 8.5 X 6.5 X 0.7 Inches
- Heatresistance: Up To 500°C
- Compatibility: Universal Fit For Most Cars And Motorcycles

**Product Description:**

The Disc Brake Pad Set is an essential component designed to enhance the braking performance of your vehicle, ensuring safety, reliability, and durability. This set includes 4 high-quality brake pads, providing a complete solution for your disc brake system. Whether you are driving a car or riding a motorcycle, these brake pads offer a universal fit, making them compatible with most vehicles on the market. This versatility allows for easy installation without the hassle of searching for model-specific parts.

One of the standout features of this product is its construction using advanced ceramic materials, which classify it as a good ceramic brake pads set. Ceramic brake pads are known for their superior heat resistance, quieter operation, and lower dust production compared to traditional metallic or organic pads. These characteristics make the ceramic brake pad an excellent choice for those seeking improved braking performance with minimal maintenance. The smooth braking experience provided by ceramic pads not only enhances safety but also contributes to a more comfortable and enjoyable driving or riding experience.

The Disc Brake Pad Set comes with a guarantee period that covers a distance range of 30,000 to 50,000 kilometers, reflecting the manufacturer's confidence in the durability and longevity of their product. This long-lasting performance means fewer replacements over time, offering excellent value for money. Regular maintenance and timely replacement of brake pads are crucial, and this set ensures that you can do so without frequent concerns about premature wear or performance degradation.

Packing for the product is customized, ensuring that the brake pads are securely packaged to prevent damage during shipping and handling. The packaging is also designed to be user-friendly, allowing for easy access to the brake pads when you are ready to install them. Inside the package, you will find 4 brake pads, sufficient for replacing the pads on both sides of a wheel, whether on a car or motorcycle. This complete set ensures that you have everything necessary to perform a full brake pad replacement job efficiently.

Installing new brake pads can sometimes require specific tools to ensure proper fitting and function. While the Disc Brake Pad Set does not include a brake pad tool, it is compatible with most standard brake pad tools available on the market. Using the correct brake pad tool during installation helps to avoid damage to the pads and the braking system, ensuring optimal performance and safety. For best results, it is recommended that users have the appropriate brake pad tool on hand when performing the installation.

Overall, this Disc Brake Pad Set offers excellent performance, durability, and compatibility, making it a reliable choice for maintaining and upgrading your vehicle's braking system. Its ceramic brake pad construction provides enhanced braking power, reduced noise, and less dust, contributing to a cleaner and safer driving environment. The universal fit means you can confidently purchase this set knowing it will work with most cars and motorcycles, simplifying your maintenance routine. Backed by a solid guarantee period and packaged with care, this brake pad set is an ideal investment for anyone looking to improve their vehicle's braking efficiency and safety.

In summary, if you are in search of good ceramic brake pads that combine quality, longevity, and broad compatibility, the Disc Brake Pad Set is an outstanding option. Remember to use the appropriate brake pad tool during installation to achieve the best results. With four brake pads included and a guarantee covering 30,000 to 50,000 kilometers, this product is designed to meet and exceed your expectations in vehicle brake performance and reliability.

**Features:**

- Product Name: Disc Brake Pad Set
- Guarantee Period: 30,000-50,000 km
- Brake Pad Type: Disc
- Installation Method: Bolt-On for easy and secure fitting
- OE Replacement: Yes, ensures perfect compatibility
- Number of Pads: 4 pieces included
- Made from high-quality ceramic brake pad material for superior performance
- Compatible with brake pad tool for hassle-free installation
- Recognized as the best brake pad brand for durability and safety

**Technical Parameters:**

Packing	Customized
Number of Pads	4
Brake Pad Type	Disc
Heat Resistance	Up To 500°C
Certifications	ISO 9001, DOT Approved
Brake Type	Disc Brakes
Compatibility	Universal Fit For Most Cars And Motorcycles
OE Replacement	Yes
Product Dimensions	8.5 X 6.5 X 0.7 Inches
Manufacturer Part Number	DBP-001

**Applications:**

The Herito Disc Brake Pad Set, model number ZK-28001, is an essential component designed for vehicles equipped with disc brakes. Manufactured in China, this high-quality set includes 4 brake pads, each measuring 8.5 x 6.5 x 0.7 inches, making it a perfect fit for a

variety of car models. Renowned for its durability and performance, the Herito disc brake pads are engineered to provide optimal stopping power, safety, and longevity.

These ceramic brake pads are ideal for a wide range of application occasions and scenarios. Whether you are a daily commuter navigating city traffic, a weekend adventurer tackling winding mountain roads, or someone who frequently drives in stop-and-go conditions, the Herito ceramic brake pads deliver consistent and reliable braking performance. Their superior heat dissipation and low dust production make them particularly suited for urban environments where brake wear and cleanliness are critical concerns.

For drivers seeking the best ceramic brake pads, the Herito ZK-28001 set offers an excellent balance of quiet operation, minimal brake fade, and extended lifespan. The pads come with a guarantee period covering 30,000 to 50,000 kilometers, ensuring peace of mind for long-term use. This makes them well-suited for both everyday passenger vehicles and light-duty trucks, providing strong and smooth braking even under heavy loads or challenging road conditions.

The interchange part numbers D1293 and D1222 highlight the compatibility of this Herito disc brake pad set with various aftermarket and original equipment brands, making it a versatile choice for replacement or upgrade. Whether you are maintaining your vehicle's safety system or enhancing its braking efficiency, these ceramic brake pads offer outstanding performance and reliability.

In summary, the Herito Disc Brake Pad Set ZK-28001 is perfect for anyone looking to improve braking capability in diverse driving scenarios. From city driving to highway cruising and even occasional spirited driving, these disc brake pads deliver the best ceramic brake pads experience, ensuring safety, comfort, and durability on every trip.

### Customization:

Herito, the best brake pad brand, offers the Disc Brake Pad Set model number ZK-28001, made in China with premium quality and precision. This set includes 4 disc brake pads designed for universal fit, compatible with most cars and motorcycles, ensuring reliable performance and safety.

Our brake pads come with interchangeable part numbers D1293 and D1222, making them a versatile choice for various vehicle models. As the best brake pad brand, Herito provides customized packing options to meet your specific requirements, enhancing convenience and protection during shipping.

Choose Herito, the best brake pad brand, for superior disc brake pads that guarantee durability, excellent braking power, and a smooth driving experience. Trust our product customization services to deliver brake pads tailored to your needs.
