

Brake Pad Thickness 0.5 Inches Disc Brake Pad Set Featuring Friction Coefficient 0.35 Suitable for Heavy Duty Machinery

Our Product Introduction

for more products please visit us on heritobrake.com

Basic Information

- Brand Name: Herito
- Model Number: ZK-10001

Product Specification

- Fmsi: D1368
- Product Type: Brake Pads
- Quantity: 4 Pieces Per Set
- Width: 50mm
- Heat Resistant: Yes
- Numberofpads: 4
- Guarantee Peroid: 30000-50000km
- Number Of Pieces: 4

Product Description:

The Disc Brake Pad Set, identified by the Manufacturer Part Number Herito-001, is engineered to deliver exceptional braking performance and durability. Designed as high-quality brake pads, this product is perfect for those seeking reliable and efficient stopping power. These disc brake pads are crafted with precision to meet the demands of daily driving as well as more rigorous conditions, making them a top choice among the best brake pad brand options available on the market.

One of the standout features of this Disc Brake Pad Set is its impressive thickness of 0.5 inches. This substantial thickness ensures a longer lifespan and consistent performance over time. Whether you are navigating city streets or tackling winding roads, these brake pads provide the confidence and control you need for safe driving. The thickness also contributes to the reduction of wear and tear, extending the overall life of the braking system.

Heat resistance is a critical attribute for any quality brake pad, and this set excels in this regard. The disc brake pads are specifically designed to withstand high temperatures generated during braking without compromising their structural integrity or performance. This heat-resistant capability reduces the risk of brake fade, ensuring that the pads maintain optimal friction and stopping power even under extreme conditions. Whether you are driving in stop-and-go traffic or descending steep hills, these brake pads will perform reliably.

With a guaranteed lifespan ranging between 30,000 to 50,000 kilometers, this Disc Brake Pad Set offers excellent value and peace of mind. This guarantee period reflects the manufacturer's confidence in the product's durability and effectiveness. Drivers can trust that these brake pads will provide consistent braking performance throughout their service life, reducing the need for frequent replacements and maintenance. This makes the Disc Brake Pad Set an economical choice without sacrificing safety or quality.

Known as the best ceramic brake pads, this product combines ceramic materials with advanced engineering to deliver superior braking performance. Ceramic brake pads are renowned for their quiet operation and low dust production, which helps keep your wheels cleaner compared to traditional brake pads. Additionally, ceramic pads offer excellent heat dissipation and stability, making them ideal for a variety of driving conditions. Choosing this Disc Brake Pad Set means opting for a product that blends performance, comfort, and longevity.

As part of the best brake pad brand lineup, these disc brake pads have been rigorously tested and validated to meet high standards of safety and reliability. The manufacturer's commitment to quality ensures that each set undergoes strict quality control processes to guarantee optimal function and compatibility with a wide range of vehicles. Whether you are upgrading your current braking system or replacing worn-out pads, this product stands out as a trustworthy and efficient solution.

In summary, the Disc Brake Pad Set with Manufacturer Part Number Herito-001 is a premium product designed to provide excellent braking power, durability, and heat resistance. With a thickness of 0.5 inches, these brake pads offer extended service life and robust performance. Guaranteed to last between 30,000 and 50,000 kilometers, they deliver exceptional value. Recognized as the best ceramic brake pads from a leading brake pad brand, these disc brake pads combine superior materials and engineering to ensure safety, comfort, and reliability on every drive. Upgrade your vehicle's braking system today with this high-quality Disc Brake Pad Set and experience the difference it makes in your driving confidence and peace of mind.

Features:

- Product Name: Disc Brake Pad Set
- High Wear Resistance for Long-Lasting Performance
- Thickness: 0.5 Inches for Optimal Durability
- FMSI Number: D1368 for Easy Identification
- Product Type: Brake Pads
- Includes 4 Pieces per Set
- Made from the Best Brake Pad Material for Superior Stopping Power
- Compatible with Standard Brake Pad Tools for Easy Installation
- From the Best Brake Pad Brand Trusted by Professionals

Technical Parameters:

Width	50mm
Manufacturer Part Number	Herito-001
Heat Resistant	Yes
Factory No	ZK-27017
Quantity	4 Pieces Per Set
FMSI	D1368
Product Type	Brake Pads
Number of Pads	4
Guarantee Period	30000-50000km
Product Code	DBPS

Applications:

The Herito Disc Brake Pad Set, model number ZK-10001, is an essential component for vehicle owners seeking reliable and high-

performance braking solutions. Manufactured in China under the trusted brand name Herito, this set includes 4 pieces per set, each with a thickness of 0.5 inches, ensuring durability and long-lasting performance. With the product code DBPS and manufacturer part number Herito-001, these disc brake pads are designed to meet the rigorous demands of modern vehicles.

This disc brake pad set is ideal for a variety of application occasions and scenarios. Whether you are a daily commuter, a weekend road trip enthusiast, or a professional driver, the Herito ZK-10001 disc brake pads provide consistent stopping power and safety. They are perfect for use in city driving, where frequent stops and starts require brake pads that can withstand heat and wear without compromising performance. Additionally, these pads perform exceptionally well on highways, providing smooth and reliable braking even at higher speeds.

The Herito disc brake pads are also suited for more challenging driving conditions, such as mountainous terrain or off-road adventures. The robust construction and optimal thickness of 0.5 inches ensure that the pads maintain their integrity under heavy braking and steep descents. This makes them a preferred choice for drivers who demand both safety and efficiency from their braking system.

As part of the best brake pad brand lineup, Herito's ZK-10001 model is recognized for utilizing the best ceramic brake pads technology. Ceramic brake pads are known for their superior heat dissipation, reduced brake dust, and quieter operation compared to traditional brake pads. This makes the Herito disc brake pads not only a reliable choice but also an environmentally friendly and low-maintenance option for vehicle owners.

Overall, the Herito Disc Brake Pad Set is a versatile and high-quality product suitable for a wide range of vehicles and driving conditions. Whether you are replacing worn-out pads or upgrading to the best ceramic brake pads on the market, this set of 4 pieces per set offers excellent value and performance. Trust the Herito brand for your braking needs and experience enhanced safety, comfort, and control on every journey.

Customization:

Our Disc Brake Pad Set, model number ZK-10001 from the trusted Herito brand, offers exceptional quality and performance.

Manufactured in China, these brake pads feature a thickness of 0.5 inches and comply with FMSI standard D1368. Designed with high wear resistance and heat-resistant materials, this set ensures long-lasting durability and reliable braking performance under extreme conditions. We also provide customization services for the Disc Brake Pad Set to meet your specific requirements, including branding and dimensions. Whether you need adjustments for compatibility or enhanced features, our team can tailor the product accordingly. Additionally, we supply a specialized brake pad tool to assist with installation and maintenance, ensuring a perfect fit and optimal functionality. Trust Herito's Disc Brake Pad Set with product code DBPS for superior safety and efficiency, supported by expert customization and the essential brake pad tool for your convenience.
