Basic Information

- Brand Name: Herito
- Model Number: ZK-10001

Product Specification

- Easy To Install: Yes
- Hardware Included: Yes
- Thickness: 12 Mm
- Dimensions: 120mm X 50mm X 15mm
- Durability: High Wear Resistance
- Model: Mazda RX-8
- After Service: Yes
- Braking System: TKO

Product Description

Product Description:

The Disc Brake Pad Set is an essential component designed to provide superior braking performance and enhanced safety for your vehicle. With precise dimensions of 8.5 X 6.5 X 0.7 inches, these brake pads are engineered to fit perfectly within your vehicle's braking system, ensuring optimal contact and efficient stopping power. Whether you're replacing worn-out pads or upgrading your existing setup, this set offers a reliable solution that meets the highest standards of quality and durability.

One of the standout features of this Disc Brake Pad Set is its compatibility with the TKO braking system, a trusted and widely used system known for its consistency and effectiveness. The pads are meticulously crafted to work seamlessly within this system, delivering smooth and responsive braking performance under various driving conditions. This ensures that you can rely on your brakes to perform safely, whether you are navigating city streets or tackling more demanding roadways.

Noise during braking is a common concern for many drivers, but with this brake pad set, you can experience a significant reduction in unwanted sounds. Designed with advanced materials and innovative engineering, these pads produce low noise levels, providing a quieter and more comfortable driving experience. This low noise characteristic is particularly valuable for those who prioritize a peaceful ride without compromising on braking efficiency.

Durability and longevity are critical when it comes to brake pads, and this product excels in both areas. Manufactured using high-quality materials, these pads qualify as good ceramic brake pads, offering excellent resistance to wear and heat. Ceramic brake pads are known for their ability to maintain performance over time while minimizing dust and debris buildup, contributing to cleaner wheels and less frequent maintenance. This makes the Disc Brake Pad Set an economical choice in the long run, reducing the need for frequent replacements and upkeep.

In addition to quality and performance, customer confidence is supported through a comprehensive 12-month warranty. This warranty period reflects the manufacturer's commitment to providing a dependable product and offers peace of mind to users. Should any issues arise within this timeframe, you can count on prompt support and service, ensuring your investment is protected.

The set also comes complete with all necessary hardware included, simplifying the installation process. Having all required components in one package means you won't need to source additional parts, saving you time and effort. Whether you are performing a DIY brake pad replacement or having a professional mechanic handle the job, the inclusion of hardware ensures a smooth and hassle-free installation experience.

When it comes to replacement parts, many drivers seek OEM brake pads to maintain the original performance and safety standards of their vehicles. This Disc Brake Pad Set aligns with those expectations, offering OEM brake pads that match the specifications and quality of the original equipment. Using OEM brake pads helps preserve the integrity of your braking system, ensuring reliable stopping power and compliance with manufacturer guidelines.

In summary, the Disc Brake Pad Set is an excellent choice for anyone looking to enhance their vehicle's braking capability with a high-quality, durable, and low-noise solution. Its precise fitment, compatibility with the TKO braking system, and inclusion of all necessary hardware make it a practical and convenient option. Backed by a 12-month warranty and featuring good ceramic brake pads, this product combines performance, reliability, and value in one comprehensive package. Whether you prioritize safety, comfort, or cost-effectiveness, this brake pad set is designed to meet and exceed your expectations.

Features:

Product Name: Disc Brake Pad Set

Package Quantity: 1 Set

UPC: 123456789012

Friction Coefficient: 0.35 for optimal braking performance

Low Noise design ensures a quiet driving experience

Includes after service support for customer satisfaction

Compatible with brake pad tool for easy installation

Made from high-quality materials, considered among the best ceramic brake pads

Ideal disc brake pads for reliable and durable braking

Technical Parameters:

Hardware Included	Yes
Model	Mazda RX-8
Product Dimensions	8.5 X 6.5 X 0.7 Inches
Durability	High Wear Resistance
Thickness	12 Mm
Dimensions	120mm X 50mm X 15mm
Friction Coefficient	0.35
After Service	Yes
Easy To Install	Yes
Braking System	TKO

Applications:

The Herito Disc Brake Pad Set, model number ZK-10001, is a high-quality product originating from China, designed to provide reliable and efficient braking performance. With a friction coefficient of 0.35 and a thickness of 12 mm, these disc brake pads are engineered to ensure optimal stopping power and durability, making them ideal for various automotive applications.

One of the primary application occasions for these disc brake pads is in everyday urban and highway driving. Whether you are navigating busy city streets or cruising on the open road, the Herito disc brake pads deliver consistent braking performance to enhance safety and control. Their parking brake type design ensures that your vehicle remains securely stationary when parked on inclines or uneven surfaces, offering peace of mind in all parking scenarios.

The Herito disc brake pads are also well-suited for use in light commercial vehicles and passenger cars that require dependable parking brake components. Their easy-to-install design allows mechanics and vehicle owners to replace brake pads swiftly without the need for specialized tools or extensive technical knowledge. This convenience makes them a preferred choice in automotive repair shops and for DIY enthusiasts looking to maintain their vehicles efficiently.

In addition, these disc brake pads perform exceptionally well under various weather conditions and driving environments, including wet, dry, and mountainous terrains. Their robust friction coefficient ensures stable braking force, minimizing wear and tear over time. The 12-month warranty further guarantees the product's quality and reliability, making Herito disc brake pads a trustworthy investment for long-term vehicle maintenance.

Overall, the Herito disc brake pads model ZK-10001 are perfect for anyone seeking durable, easy-to-install parking brake pads that provide excellent friction performance. From daily commuting to occasional long-distance travel and secure parking on slopes, these disc brake pads meet the demands of diverse driving scenarios, ensuring safety and performance at every turn.

Customization:

Herito offers product customization services for the Disc Brake Pad Set, model number ZK-10001, proudly made in China. As the best brake pad brand, we provide high-quality, good ceramic brake pads designed specifically for parking brake systems. Each set includes hardware and comes in a package quantity of 1 set. We ensure a 12-month warranty and reliable after service support to guarantee your satisfaction. Customize your order with confidence, knowing you are choosing good ceramic brake pads from a trusted brand.

Support and Services:

Our Disc Brake Pad Set is designed to deliver reliable and efficient braking performance for a wide range of vehicles. Manufactured with high-quality materials, these brake pads offer excellent wear resistance and consistent stopping power, ensuring safety and durability.

For optimal performance, it is recommended to inspect the brake pads regularly and replace them as soon as signs of significant wear or damage appear. Proper installation is crucial; please follow the vehicle manufacturer's guidelines or consult a professional technician.

We provide comprehensive technical support to assist with product selection, installation instructions, and troubleshooting. Our support team is knowledgeable about the specifications and compatibility of the Disc Brake Pad Set and can help address any questions or concerns.

In addition to technical assistance, we offer warranty coverage on our brake pads to guarantee quality and customer satisfaction. Please refer to the warranty terms provided with your purchase for detailed information.

For maintenance tips, it is advisable to keep the braking system clean and free from debris, avoid aggressive braking to extend pad life, and check associated components such as rotors and calipers during routine service intervals.

Thank you for choosing our Disc Brake Pad Set. We are committed to providing you with dependable products and exceptional service to ensure your vehicle's braking system performs at its best.
