

Mazda RX-8 Disc Brake Pad Set with Friction Coefficient 0.35 for Low Noise and Easy Installation

Our Product Introduction

Basic Information

- Brand Name: Herito
- Model Number: ZK-10001

Product Specification

- Friction Coefficient: 0.35
- Product Dimensions: 8.5 X 6.5 X 0.7 Inches
- Noise Level: Low Noise
- Hardware Included: Yes
- Model: Mazda RX-8
- Package Quantity: 1 Set
- Highlight: Friction Coefficient 0.35 Disc Brake Pad Set,
Low Noise Brake Pad Set,
Easy To Install Ceramic Brake Pads

Product Description

Disc Brake Pad Set for Mazda RX-8

Product Overview

This Disc Brake Pad Set for the Mazda RX-8 delivers exceptional performance, durability, and easy installation. Engineered to exceed OEM specifications, it provides reliable stopping power and enhanced safety for daily commuters and enthusiasts alike. Featuring advanced ceramic brake pad material, this set offers reduced brake dust, quieter operation, and excellent heat dissipation. Installation is straightforward for both professional mechanics and DIY enthusiasts, requiring only common tools including a brake pad tool. The compact package dimensions of 8.5 x 6.5 x 0.7 inches ensure easy handling while providing all necessary components for complete brake pad replacement.

Key Features

- Product Name: Disc Brake Pad Set
- High Wear Resistance for long-lasting performance
- Dimensions: 8.5 x 6.5 x 0.7 inches for perfect fit
- After Service: Comprehensive customer support available
- Warranty: 12 months for peace of mind
- Hardware Included: All necessary components provided
- Advanced ceramic brake pads for superior braking efficiency
- Compatible with brake pad tools for easy installation
- From a trusted brake pad brand for quality and safety

Technical Specifications

Parameter	Specification
Product Dimensions	8.5 x 6.5 x 0.7 Inches
Braking System	TKO
Durability	High Wear Resistance
Package Quantity	1 Set
Dimensions	120mm x 50mm x 15mm
Warranty	12 Months
Friction Coefficient	0.35
Hardware Included	Yes
Easy To Install	Yes
Model	Mazda RX-8

Applications

The Herito Disc Brake Pad Set (model ZK-10001) is ideal for various braking applications including everyday commuting, highway driving, mountainous terrain, and stop-and-go traffic. The ceramic composition ensures low noise operation and reduced dust production, making them perfect for urban and residential driving scenarios. With a friction coefficient of 0.35, these brake pads provide consistent stopping power across diverse driving conditions while keeping wheels cleaner and reducing maintenance efforts.

Customization Options

Herito offers product customization services for the Disc Brake Pad Set (model ZK-10001) to meet specific vehicle requirements. Manufactured with precision engineering, these ceramic brake pads feature low noise technology and are designed for optimal performance within TKO braking systems.

Support & Services

Comprehensive technical support is available for installation guidance, troubleshooting, and warranty services. We recommend professional installation according to manufacturer specifications and regular maintenance to ensure optimal safety and performance. Keep your purchase

receipt for warranty claims and refer to the product manual for detailed instructions.

Warranty: 12-month warranty against defects
Support: Complete after-sales service available
