Basic Information

- Brand Name: Herito
- Model Number: ZK-10001

Product Specification

- Warranty: 12 Months Manufacturer Warranty
- Thickness: 0.5 Inches
- Heat Dissipation: Excellent Heat Dissipation
- Brake Pad Type: Disc
- Guarantee Peroid: 30000-50000km
- Easy To Install: Yes
- Product Dimensions: 8.5 X 6.5 X 0.7 Inches
- Factory No: ZK-27013

Product Description:

The Disc Brake Pad Set is an essential upgrade for anyone looking to enhance their vehicle's braking performance with reliability and durability. Designed with precision and quality in mind, this product offers an outstanding combination of safety, efficiency, and longevity, making it one of the best ceramic brake pads available on the market today.

Each package contains 4 brake pads, providing a complete set for a standard vehicle disc brake system. These pads are crafted using a ceramic infused friction material, which is known for its superior stopping power and reduced brake dust generation. Ceramic brake pads are highly regarded for their quiet operation and consistent performance in a variety of driving conditions, making this set a perfect choice for daily commuters as well as performance enthusiasts.

One of the standout features of this disc brake pad set is its weight. Weighing approximately 1.2 kg per set, these pads are designed to be lightweight yet robust, ensuring that they do not add unnecessary load to your vehicle's braking system while maintaining excellent durability. This balance helps improve overall driving efficiency and contributes to smoother braking experiences.

Installation is straightforward and user-friendly. The brake pads are designed to fit easily into most compatible disc brake systems, allowing for a quick and hassle-free replacement process. Whether you are a professional mechanic or a DIY enthusiast, you will find these pads easy to install without the need for specialized tools or extensive mechanical knowledge. This ease of installation helps reduce downtime and gets you back on the road faster with enhanced braking capabilities.

Durability and reliability are backed by a 12 months manufacturer warranty, giving you peace of mind that you are investing in a quality product. This warranty reflects the manufacturer's confidence in the performance and longevity of these brake pads, ensuring that you receive a dependable solution for your braking needs.

When searching for good ceramic brake pads, this disc brake pad set stands out due to its advanced ceramic infused friction material that provides excellent heat dissipation, reduced wear, and minimal noise. These attributes contribute to improved safety and comfort, making these pads a highly recommended choice for those who prioritize quality and performance in their vehicle maintenance.

In summary, this disc brake pad set offers a premium solution for anyone seeking the best ceramic brake pads. With a complete package of 4 brake pads, ceramic infused friction material, a manageable weight of approximately 1.2 kg per set, easy installation, and a 12 months manufacturer warranty, it combines performance, convenience, and reliability. Whether you want to replace old, worn-out pads or upgrade to a better braking system, these good ceramic brake pads will meet and exceed your expectations, ensuring safer driving and enhanced braking efficiency on every journey.

Features:

- Product Name: Disc Brake Pad Set
- Brake Pad Type: Disc
- Features the best ceramic brake pads for superior performance
- Excellent heat dissipation for enhanced safety and durability
- Includes 12 months manufacturer warranty for peace of mind
- Factory Number: ZK-27013
- Weight: Approximately 1.2 Kg per set
- Designed to provide the best ceramic brake pads experience with reliable disc brake pads

Technical Parameters:

Product Name	Disc Brake Pad Set
Product Dimensions	8.5 X 6.5 X 0.7 Inches
Hardware Included	Yes
Installation	Easy To Install
Friction Material	Ceramic Infused
Thickness	0.5 Inches
Color	Black
Heat Dissipation	Excellent Heat Dissipation
Factory No	ZK-27013
Package Contents	4 Brake Pads

Applications:

The Herito Disc Brake Pad Set, model number ZK-10001, is designed to deliver outstanding performance across a variety of driving conditions. Manufactured in China, this set includes 4 brake pads made from the best brake pad material, ensuring durability and reliability. These good ceramic brake pads are known for their excellent heat dissipation, which helps maintain optimal braking performance even under intense driving scenarios such as long downhill descents or heavy traffic stop-and-go situations.

Ideal for everyday commuting, the Herito brake pads provide smooth and consistent braking, making them perfect for city driving where frequent stops are common. Their easy-to-install design allows vehicle owners and mechanics alike to replace worn-out pads quickly, minimizing downtime and enhancing safety. Whether you are driving a compact car or a mid-sized SUV, this best brake pad brand offers superior stopping power and reduced brake noise, which contributes to a more comfortable driving experience.

For those who enjoy weekend road trips or longer highway journeys, the Herito Disc Brake Pad Set excels in maintaining braking efficiency at higher speeds. The 0.5-inch thickness of the pads ensures long-lasting use, reducing the need for frequent replacements. Additionally, the excellent heat dissipation property prevents brake fade, which is crucial during extended use on mountainous or hilly terrains where brakes are heavily utilized.

In performance-oriented driving or light off-road conditions, the Herito brake pads deliver dependable stopping power without compromising the vehicle's braking system. Their ceramic composition not only offers great wear resistance but also helps keep the brake rotors cleaner compared to traditional organic pads. This makes the Herito Disc Brake Pad Set a versatile choice for a range of applications, from daily city driving to more demanding scenarios.

Overall, the Herito ZK-10001 brake pads are a smart investment for anyone seeking the best brake pad brand with a focus on quality, safety, and ease of installation. Their combination of good ceramic brake pads technology, excellent heat dissipation, and robust thickness makes them suitable for a wide array of occasions and driving scenarios, ensuring peace of mind and enhanced vehicle control whenever you hit the road.

Customization:

Herito offers the best ceramic brake pads with the Disc Brake Pad Set, model number ZK-10001, designed for optimal performance and durability. Manufactured in China, this disc brake pads set features excellent heat dissipation to ensure reliable braking under various conditions. The product is easy to install, making it convenient for both professional mechanics and DIY enthusiasts. With a 12 months manufacturer warranty, you can trust the quality and longevity of these best ceramic brake pads. Customize your braking system with Herito's Disc Brake Pad Set for superior safety and performance.

Support and Services:

Our Disc Brake Pad Set is designed to deliver superior stopping power and enhanced safety for your vehicle. For technical support, please ensure that you have the product model number and vehicle details handy when seeking assistance.

Installation of the brake pads should be carried out by a qualified technician to guarantee optimal performance and safety. Improper installation may lead to reduced braking efficiency and increased wear.

Regular maintenance checks are recommended to inspect the condition of the brake pads and overall braking system. Replace the brake pads immediately if you notice any signs of excessive wear, noise, or vibration during braking.

For troubleshooting common issues such as squeaking or reduced braking effectiveness, consult the product manual for guidance on cleaning and brake pad bedding procedures.

We offer comprehensive after-sales support including warranty services and replacement parts to ensure your continued satisfaction and safety.
